

ISTRUZIONI  
**SPECCHI**

# MONTAGGIO

## SPECCHIO INGRANDITORE

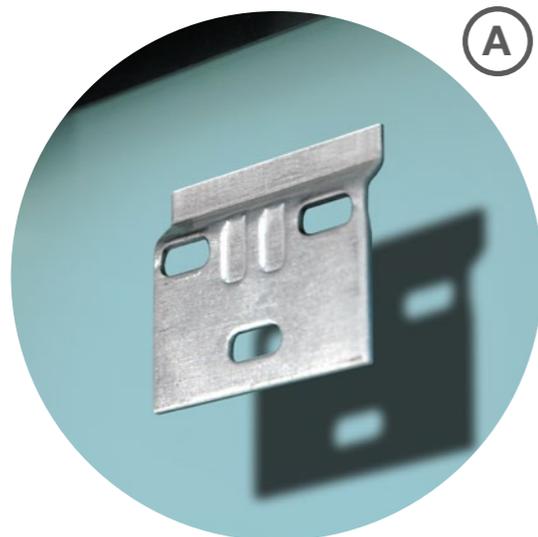

- 1) Sistema applicabile solamente a specchi Filo Lucido e di misura **uguale o maggiore** di 70 x 70 cm
- 2) Togliere le fasce di biadesivo (**B**) ed attaccare delicatamente al retro dello specchio
- 3) Collegare i cavi di alimentazione alla lampada dello specchio o all'interuttore a parete dedicato, sapendo quindi, che il sistema sarà in funzione o a **lampada** accesa o con **interuttore** acceso.

Il cavo elettrico con l'etichetta "220V"  
va connesso all'impianto elettrico che esce dal muro,  
mentre l'altro cavo va collegato alla lampada.

Lampada LED H23 classe II IP44

(il filo giallo è la terra, non deve essere collegato)
